FIG. 12

A schematic diagram of a rectangular device 202. A coordinate system (X, Y) is shown above the rectangle. The rectangle has a horizontal top edge and a horizontal bottom edge. A wavy line 1200 is drawn from the left edge to the bottom edge. Point A is on the top edge, and point B is on the right edge. A horizontal arrow points from A to B. A diagonal arrow points from A to B. A diagonal arrow points from the bottom edge to B. A vertical line segment A'B' is on the left. A label A'O = B'O is below the rectangle. On the right edge, there is a small triangle 204 and a label 220.
